

Simulink and Stateflow tutorials

For this worksheet, you will need a recent version of Matlab and Simulink (2015a onwards) installed on your laptop.

0.1

Go through the three Simulink tutorials at <https://www.mathworks.com/support/learn-with-matlab-tutorials.html> : Create a Simple Model, Model a Dynamic System, Simulate a Dynamic System.

0.2

Go through the Simulink tutorial at <https://www.mathworks.com/videos/simulations-made-easy-with-simulink-81878.html> .

0.2

Go through all three Stateflow tutorials at <https://www.mathworks.com/videos/stateflow-tutorials-part-1-states-and-transitions-81647.html> : Parts 1, 2 and 3.
